Dear Chairman Cole and Ranking Member DeLauro:

I am requesting \$3,000,000 for the Harnett Regional Water Improvement project in Fiscal Year 2026 (FY26). The entity to receive funding for this project is the Town of Holly Springs, located at 128 S. Main Street, Holly Springs, NC 27540. The funding would be used to construct intermediate booster pump stations and water storage facilities to increase the daily delivery of drinking water. Investing in this infrastructure will provide water security and resilience for a community undergoing significant population and economic expansion.

The project is an appropriate use of taxpayer funds because it will benefit taxpayers by improving the reliability of safe drinking water in a growing community. Improvements in water infrastructure will also support the growing life science sector in Holly Springs, providing major impacts to the local, state, and national economy through jobs and economic output.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Valerie P. Foushee  
MEMBER OF CONGRESS
